

Idyllic Retreat, Mono Hills

Location: Mono Hills

Acreage: 100 Acres

Price: \$3,850,000.00

A spectacular country retreat in the hills of Mono, this property features 100 acres of hardwood and plantation forest, open meadows and cultivated fields, a trout hatchery pond, 2 streams and a crystal clear 10 acre lake.

The property includes a fine principal residence, a large caretaker's residence on a separate adjoining lot, a four bay drive shed with workshop and a 3 slip boat house with indoor dining and outdoor picnic patio. Paved, tree lined driveways and groomed trails traverse the 100 acres.

The Principal Residence:

The gracious principal residence was designed and constructed by one of Canada's premier builders with no expense spared, using the finest of materials and finishes and with great attention to every detail.

A classic, timeless design, the exterior is square cut stone with herringbone brick accents, and the roof is cedar shingle with copper eaves.

The interior plan is simple in lay out, elegantly proportioned, and flows seamlessly from room to room. Living room, dining room and kitchen are open plan. The home is designed to maximize the beauty of its natural surroundings. Every room has glorious vistas of water or forest and the principal rooms all have walk outs.

A Brief History of the Property

This property was purchased in 1954 by David Barr a local farmer, and a Toronto investor.

Located on the Niagara Escarpment, now designated as a Unesco World Biosphere Reserve, the land, apart from a hardwood maple bush was essentially bare. It did, however, have two converging streams which the partners dammed to create two ponds, one a small hatchery pond which they stocked with rainbow and speckled trout and the other a ten acre lake of crystal clear water. The outflow from these water bodies becomes a tributary of the Nottawasaga River.

When Mr. Barr inherited his partner's share he built a new home at the entrance to the property.

Over the years Mr. Barr planted red, white and jack pines, poplars, larch and oak, which, thanks to his stewardship, have matured into a healthy mixed forest.

Mr. Barr continues to this day to manage, oversee and maintain the 100 acres.

This property has two separate deeded parcels being sold as one.

A magnificent property and a rare opportunity!

Just 80 minutes to Toronto and 40 minutes to Pearson.
